

“Market leaders in  
Oil and Gas EPCC Projects”

Process Units | Mounded Bullets | Tankages | Cross country Pipeline  
Heat Exchangers | Reactors and Columns | Spheres | Pressure Vessels

## ABOUT US

### COMPANY BACKGROUND

Founded in the year 1992, Fabtech Projects and Engineers Ltd. is based at Pune, India. Started as a fabrication Unit for Carbon Steel pressure vessels it was further enhanced with Designing and Manufacturing capabilities for Reactors, Columns, Vessels and Heat Exchanger in Carbon Steel, Stainless Steel Duplex etc. Fabtech is also certified to manufacture under ASME, U, U2, R and S Stamp and National Board of Boilers. Since 2001 the company took up turnkey project works of Mounded Bullets for LPG Storage and today is the leading EPC Company in this field. It has also ventured in setting up Rs 320 Cr Sulfur recovery unit for HPCL at Vizag refinery and Rs 344 Storage tanks project for IOCL at Paradip refinery. In the recent past the company has executed export order under ASME U stamp. The company is well poised to take up further challenges in the Oil Gas and fertilizer sector on EPC basis. Almost about 1500 people are busy in the various construction sites of the company. The expected turnover for the current year is Rs 500 Cr.

Fabtech has bagged 3 sections of Kochi – Kottanad – Mangalore – Bangalore cross country gas pipeline laying project from GAIL under consortium.

### VISION

To be a world class leader in our business and achieve global standards through quality and innovation. We are committed to bring value and higher returns for our associates and stakeholders. To partner with our clients and associates in achieving better standards of excellence by overcoming challenges with zeal and confidence.

### MANUFACTURING FACILITIES

Fabtech has seven manufacturing units in Pune and one manufacturing unit in Solapur district. Its manufacturing facilities include covered shops, up to 200 mm thick cold rolled plate bending facility, bulk handling facility, press machines, automatic and manual welding, machining and standard testing setup.

In addition, Fabtech has a strong team of well qualified and experience manpower for shop as well as project execution along with required equipments, tools and tackles. We are in the process of developing a new state of the art manufacturing facility over 15 acres of land in MIDC Chakan, Pune.

## PROJECTS

### MOUNDED BULLET FOR STORAGE OF LPG / PROPYLENE

Fabtech is the market leader in Mounded Bullet EPC projects. Having completed more than 140 bullet installations with a total storage LPG capacity of 1,00,000 mt. The milestone projects are;

- HMEL Bhatinda, Punjab. Project worth Rs 217 Cr
- HPCL Vizag refinery. Project worth Rs 120 Cr
- IOCL Gujarat refinery. Project worth Rs 43 Cr
- MRPL Mangalore refinery. Project worth Rs 42 Cr

### PROCESS UNITS

Fabtech also undertakes various process units in Oil and Gas segment on EPC basis. At this time, it is executing Sulfur Recovery Unit (SRU) of 300 TPD capacity for HPCL at their Vizag refinery. The project is worth Rs 320 Cr and is in its final stages of completion.

### TANKAGES

Fabtech is executing a project providing Intermediate Storage facility at IOCL Paradip refinery. These are site fabricated by hydraulic jacking method. The project consists of developing facility of 22 storage tanks with maximum diameter of 78.5 meters, alkaline bullets, hydrogen compressing and storage facility, fire fighting and instrumentation.

### CROSS COUNTRY PIPELINE

Recently, Fabtech has been awarded the contract of laying 340 km long 24 inch diameter cross country gas pipeline by GAIL. This award comprises of 3 sections of Kochi – Kottanad – Mangalore – Bangalore pipeline.

# PRODUCTS

## PROCESS EQUIPMENTS

- Reactors
- Purifier Vessels
- Pressure Swing absorbers
- Pulsating chambers
- Cryogenic Vessels
- Degasser
- Dryer & Regenerator
- Pressure Vessels
- Heat Exchangers
- Hoppers
- Process Columns
- Scrubbers
- Separators
- Silos

## SOCIAL RESPONSIBILITY

### CORPORATE SOCIAL RESPONSIBILITY

As a part of its Corporate Social Responsibility (CSR) Fabtech has successfully established a textile unit for manufacturing cotton yarn and a garment unit at Sangola, Maharashtra. This unit is enabling Fabtech to extend the benefits of industrial development to rural India through employment generation and more specifically so through women empowerment.

Fabtech has setup a state of the art AICTE approved Engineering college in Sangola, Maharashtra. This has been done in order to provide higher technical education facilities to rural and deprived students at affordable prices. It is also in the process of setting up educational facilities in Mulshi, Pune.

## OUR CLIENTS

### Major Clients in Oil and Gas

- Hindustan Petroleum Corporation Limited (HPCL)
- Bharat Petroleum Corporation Limited (BPCL)
- Oil and Natural Gas Corporation Limited (ONGC)
- Mangalore Refinery and Petrochemicals Limited (MRPL)
- Nagarjuna Oil Corporation Limited (NOCL)
- Indian Oil Corporation Limited (IOCL)
- Gas Authority of India Limited (GAIL)
- OIL India
- HPCL-Mittal Energy Ltd (HMEL)
