Mumbai-400 083. INDIA

COMPANY PROFILE:

We take this liberty to introduce ourselves as one of the leading manufacturers & suppliers of Fire Fighting, Safety & Natural Gas Equipments. We have been catering to the needs of various industries for over 38 years.

Ours is an ISO 9001:2015, MSME Registered unit having manufacturing facilities at Taloja & Vikhroli. We have a vast range of Fire Fighting & Safety equipments, High pressure valves, Fittings etc.

We are approved vendors to HPCL, BPCL, Reliance Ind., ONGC, GAIL, Indian Navy & Defense, and many large & medium reputed private sector undertakings. We are exporting our products to various countries around the world.

We also undertake after sales and Annual Maintenance contracts of all types of Fire Extinguishers, Hydrant & Sprinkler Systems, Breathing Apparatus systems, Suppression systems, Flooding systems, Detection Systems, Access Control systems & Any kind of Fabrication work, all types of non-reusable tamper proof safety seals etc.

Also, we are considered pioneers in the field of city gas distribution & have been very actively involved with Mahanagar Gas Ltd. City Gas Project in Mumbai & New Mumbai for the last 23 years.

We attach alongside our complete product Profile list for your ready reference & study purpose and shall be delighted to offer our services to your esteemed Organization.

We hope to cater to you regular requirements thru our vast variety of products. In the meantime we thank you in anticipation & look forward to your valuable patronage.

Yours faithfully,

For MAX ENGINEERING

**Dharmesh H Shah
(Partner)**
