In the year 1990, young dynamic engineer started a company Concept Electronics in Mumbai at Shalimar Industrial Estate - Matunga.

This was a time when a Revolution was needed in an Electronic Weighing Scale Industry where all the Scales were either Imported or They were based on low end Microcontrollers.

Today Concept Electronics Is a Multi-Product Multi-Technology Divisions. From the small consulting Engineering, we have today a modern factory centrally located in an Industrial Complex just 8 kms from the Mumbai Air Port.

The Client Network located all India Basis including Mumbai, Bangalore, Chennai, Delhi, Kolkatta etc., Practically Every Corner Of India.

Our Mission :
