

Encarta

(Eco- modular Conference table)

Features:

- Pre-wired conference table suitable for impromptu presentations.
- Wire management
 - Concealed horizontal and vertical wire management gives a neater look.
 - Provision for mounting switches and sockets on the horizontal wire carriers gives convenience of easy connectivity.
- Tops are made of MDF and are clad with a membrane foil using 'wrap around technology'. The foil is pre-coated with polyurethane layer for better scratch and wear resistance.
- Sliding mechanism of the top helps in easy plug-in.
- Available in 3 models namely 6 - 8 seater, 10-12 seater and 14-16 seater, depending on seating arrangement.
