

RHINO 

Give your valuables something precious.

Security.

You must have taken all possible precautions to ensure your home is the safest place for your family and yourself. But have you given any thought to the valuables you keep at home?

Cash, important documents, jewellery ... every house has its share of valuables. A target for robbers, no doubt.

How do you store your valuables?

In all likelihood, in locked cupboards and drawers. While this might seem safe, in fact this is unreliable. Burglars can make use of even the most ordinary tools to break open such storage cabinets and make off with your valuables in no time at all.

So, what's the solution?

What you need is vigilance 24 hours a day, 365 days a year.

What you need is Godrej's Rhino. Strong, as the name suggests, Rhino is at the same time, compact and fits in a Godrej Storwel.

Rhino offers the following features that make it the preferred choice when it comes to securing your valuables:

- A multi-bend body that is fully welded
- A heavy plate door hinged on strong pivots in a solid-steel bearing block
- 2-shooting bolts are provided behind a rebate
- The lock and vital parts of the bolt work are protected with a drill-resistant armour plate
- Opens only with a Godrej high-precision 6-lever key
- A Godrej Gordian (dual control) lock can be provided at an extra cost
- A 12-tank surface cleaning process inhibits corrosion and increases scratch resistance
- A dignified and lasting look, and an elegant handle that compliments any décor

Two shooting bolts

An additional locker with a flap door

A fully-welded multibend steel body 2.5mm thick

- A locker with a flap door and lock provided to facilitate the storage of items which need additional security
- Attractive powder-coated finish

Guardian of the Nation's Wealth

For over 10 decades now, Godrej has been the leader in the field of Security Equipments. We make Strong Room Doors, Safe Deposit Lockers, Cash Boxes, Fire Resisting Filing Cabinets, Fire Resisting Record Cabinets, Popular Safes and UL certified Defender and Centiguard Fire Resisting Safes. Rhino is the latest addition to this range.
