THE KOLHAPUR SUGAR MILLS LTD.

DISTILLERY DIVISION

KASABA BAWADA, KOLHAPUR - 416 006.

KA/KSM/2010-2011

April 28, 2010

To Whom So Ever It May Concern:

This is to certify that SSP Pvt. Ltd. has supplied 1 set of Effluent Treatment Plant for treating Biomenthanted Distillery Effluent capacity 480 m³/day consisting of Five Effect Falling Film Evaporator with TVR with Rotary drying system and the performance of the supplied system has been found to be as per our placed purchase order No. KA/KSM/2007-08 and as per terms and condition agreed.

Five Effect Evaporator with TVR system has been commissioned and working satisfactorily since March 02, 2009. The Rotary Dryer System has been commissioned since February 15, 2010.

We must appreciate SSP for proper designing of the system and excellent after sales service support / technical support extended to Kolhapur Sugar Mill for which we remain grateful towards them.

FOR M/S. THE KOLHAPUR SUGAR MILLS LTD.
