Adoni Hydraulic Speed Controers are used for al kinds of Cutting tools which use continious feeding speed.
It has a completly sealed constructin with anti-dust friction to prevent , oil leakage , perfect for using in special envoirment.
Feeding speeds are adjustabe infinately over the complete range of the adjustment.

TECHNICAL DETAILS

Model	A	B	Max Stroke	Max Load	Weight
TSC-15	151	136	15	15-350 KGF	470 g
TSC-30	202	172	30	15-350 KGF	495 g
TSC-60	254	194	60	15-350 KGF	615 g
TSC-80	336	256	80	15-350 KGF	690 g
TSC-100	390	290	100	15-350 KGF	765 g

APPLICATION EXAMPLE

Drilling

Disk Sawing

Horizontal Drilling

Turning

Pneumatic Powered Drilling

Linear Motion Slide
